

Notice to All Entities Selling Cannabinoid Hemp (CBD products) in New York State

As part of the new Cannabinoid Hemp Program, businesses selling cannabinoid hemp products (both online and in person) are required to obtain a Cannabinoid Hemp Retail License from the New York State Office of Cannabis Management before selling cannabinoid hemp products to consumers.

Cannabinoid hemp products include many cannabidiol or "CBD" products available for purchase today, including tinctures, oils, topicals, pills, capsules and food or beverages that are intended for human consumption or application. The Cannabinoid Hemp Retail License is valid for one year and has an annual license fee of \$300. Businesses with multiple locations selling cannabinoid hemp (CBD products) must apply for a license at each location where a cannabinoid hemp product is being sold.
